Directory of Chinese Officials: National Level Organizations

A Reference Aid

Information received as of 15 June 1980 has been used in the preparation of this directory.

PREFACE

This directory identifies individuals in the People's Republic of China who hold leading positions in the Chinese Communist Party, government, legislature, economic and military organizations, and the diplomatic corps. Official Chinese news releases received through 15 June 1980 are the primary sources of the information included herein. The early and late dates denote specific identification of the individual in the position. The names of females are followed by the letter 'f'.

An alphabetical name index with Standard Telegraphic Codes, when available, is included at the end of the directory. The orthography adopted is the Pinyin system for the romanization of Chinese characters. Names of Zhuang, Tibetan, Uighur, and other minority leaders are given in Chinese phonetics, when known.

Abbreviations used in organizational footnotes include: CCP—Chinese Communist Party; CPPCC—Chinese People's Political Consultative Conference; and NPC—National People's Congress.

This reference aid supersedes CR 78-16506, dated November 1978.
